

# NOMADS CULTURE CLASH

## LET'S EXPLORE THE WORLD TOGETHER

Traveling around the world discovering new flavors, beautiful products, and authentic dishes: this is what real nomads love to do most. The moment travelling seems impossible and you cannot explore the world yourself, we will bring the hidden gems to you!

### NOMADS CULTURE CLASH

Our chef takes you on a journey! In a culinary battle we will bring two popular world cuisines together. In 4, 5 or 6 courses you will experience the most delicious flavors these destinations have to offer.

After your NOMADS experience, you will decide which destination stays and which destination will possibly get replaced by a new one.

Let the battle begin!
